Screenshot

A screenshot of the Project Main Page. At the top, there are tabs for Leads (58), Accepted (1), and Declined (1). Below the tabs, a project card for "Test Alberto Zarate" is shown, indicating it's a Residential/Shingle/Tear off project. The card displays the creation date (03/04/2024), inspection by John Fidanza, and the last version (V5-4/15/2024). A "Change version" button is visible. A modal window titled "Change version" is open, listing several options: New version, v1., V2-3/8/2024, V3-4/12/2024, V4-4/15/2024, and V5-4/15/2024. The option "V5-4/15/2024" is selected. At the bottom of the modal is a "GO TO ESTIMATE" button.

This project is declined, but no message is displayed when I click New version optioning the Change version menu.

Screenshot

A screenshot of the Roof Inspection page. It shows a project for Brad Lehto, a residential/shingle/tear off project. The creation date is listed as "No contact date". The last version is "v1". A "Change version" button is visible. Below the project details, there's a section for selecting shingle brands: Malarkeys (checked), Owens Corning (checked), and CertainTeed (unchecked). A "GO TO ESTIMATE" button is at the bottom. A "Screenshot" button is at the bottom left.

When the proposal status is equal to 5 (declined) and the user clic "accept proposal" icon, the app should display a message:

**"Are you sure you want accept this proposal?
This proposal was marked as locker."**

If the user clic continue, app show accept proposal window.

When the proposal status is equal to 5 (declined) and the user clic "Create new version" icon (or the option in ChangeVersion menu), the app should display a message:

**"Are you sure you want create a new version?
This proposal was marked as locker."**

If the user clic continue, app create the new version and change id_proposal_status = 1 (Lead/Draft).
